Bathroom Solutions

Johnson Suisse is a subsidiary of Roca Group world's leading bathroom industry, and is supported by a network of 85 factories in over 170 markets. A multinational corporation with manufacturing capabilities and design centres around the world allow product design to meet the standards and requirement of the Australian market, backed by local teams to provide support and services with the only 25 years' VC warranty in the industry.

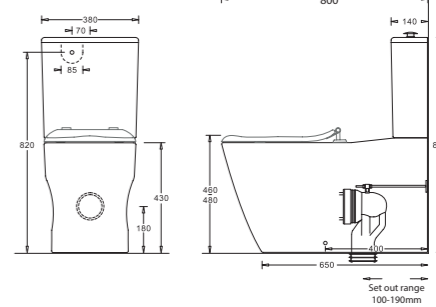

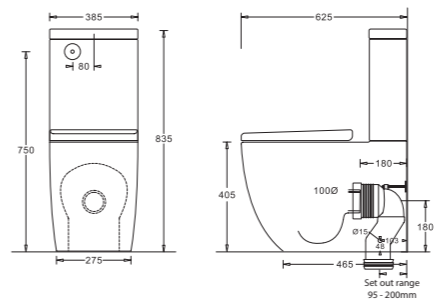

GEMELLI RIMLESS TOILET SUITES

Sophisticated curves of the Gemelli collection brings to your bathroom a refined and unpretentious aesthetic. The Gemelli range combines advanced rimless technology for high performance that makes the bathroom more attractive, hygienic and healthier.

 - Variable S trap pan connector (100-190mm set out)

ADVANCED RIMLESS DESIGN FOR HYGIENIC FLUSHING

The rim areas of traditional bowls are difficult to clean resulting in unhygienic grime and germ build up.

In contrast, rimless toilet pans are easily cleaned and the efficient flushing system provides a more hygienic day to day experience.

HIGH PERFORMANCE RIMLESS FLUSHING

Rimless toilets use a direct flushing system which distributes the cleansing water around the pan more effectively. This results in more efficient flushing.

GEMELLI RIMLESS WALL HUNG AND WALL FACED TOILET PANS

For bathrooms where space is limited choose one of our new wall hung or wall faced rimless toilet pans. These new rimless designs provide exceptional compact solutions as they can usually be fitted into existing plumbing set ups and your style.
